FALL SPORTS CAMP 2025

TROLLEY GAME (part of the afternoon round robin)

EQUIPMENT: Two 4-by-6-inch boards, each 10 to 12 feet long and each having 2-to 3-foot lengths of rope attached to it at 1-foot intervals

PREPARATIONS BY THE INSTRUCTOR

Mark the start and finish points of the trolley course.

THE PROBLEM AND OBJECTIVES

While standing with one foot on each of the two boards that make up the trolley, patrol members grasp ropes attached to each board and then synchronize their movements to propel the trolley the length.

1. Once the trolley begins to move, participants may not touch the ground.
2. A time penalty will be assessed whenever a participant steps off the trolley.
3. Trolley sections may not be placed end-to-end or on top of each other.

POINTS: by time with the first place = 100; 2nd = 85; 3rd = 70; 4th = 55; 5th = 40; 6th to finish = 25

SPIDERWEB GAME (part of the afternoon round robin)

EQUIPMENT: 100-foot piece of rope

PREPARATIONS BY THE INSTRUCTOR

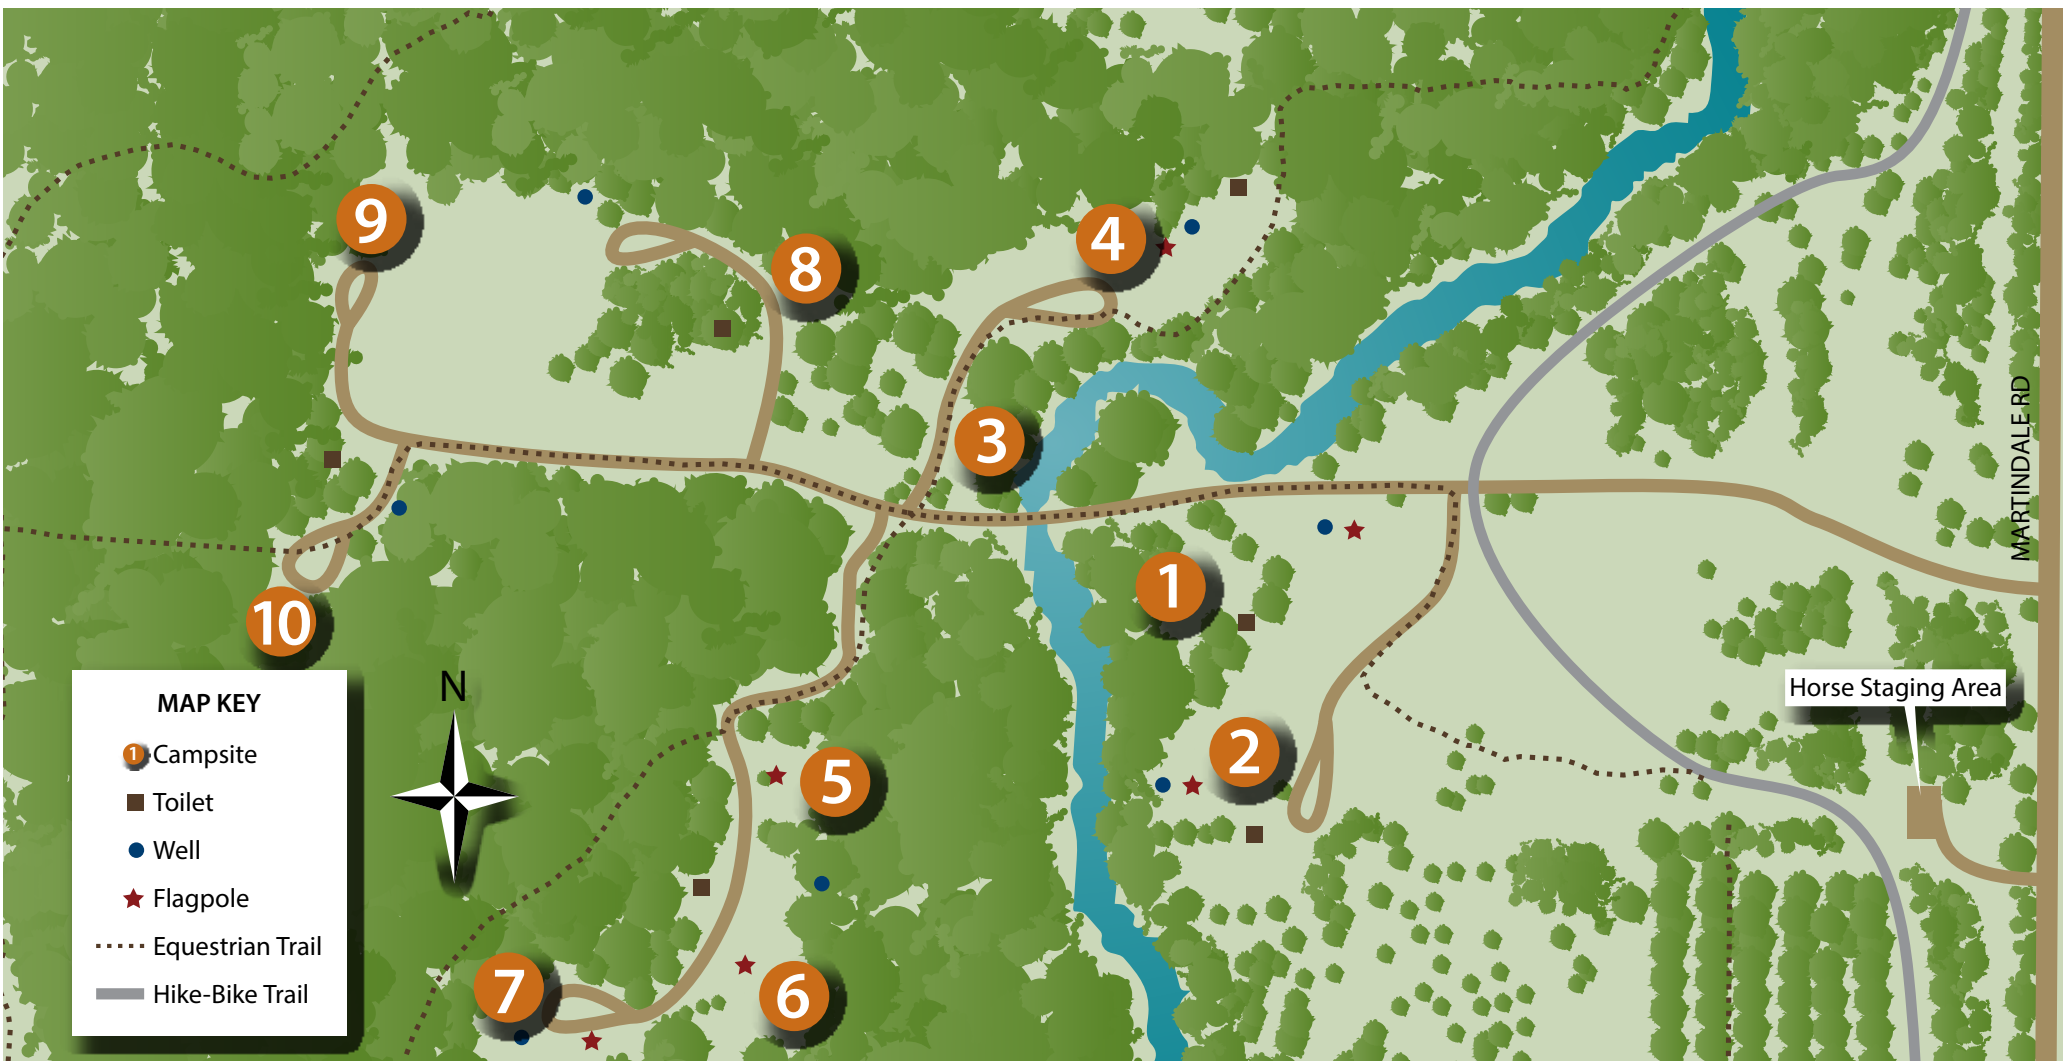

Set up a grid-shaped web made of rope stretched between two trees, posts, or other stationary standards. The web can be of any width (6 feet is a good size) and must be no more than 5 feet high. The openings in the grid are of various sizes; each of them must be large enough for a person to pass through.

THE PROBLEM AND THE OBJECTIVES

On a Scout hike, the patrol finds its way blocked by the spider web. Patrol members must cooperate to get all of the patrol to the other side of the web. While doing so, participants must follow these rules:

1. No one can touch the web.
2. Each opening in the web can be used only once for passage. After a participant has gone through an opening, no one else can use the same opening.
3. If any participant is lifted off the ground by other patrol members, that participant must be protected from falling.

POINTS: by time with the first place = 100; 2nd = 85; 3rd = 70; 4th = 55; 5th = 40; 6th to finish = 25
